Major Allen Here.

Major Allen, in command at Fort Huachuca, was a Bisbee visitor yesterday, returning to the post last night. He states that he has heard of no action on the part of the war department being taken regarding the establishment of a new military post near the international line in Arizona. The establishment of one has been recommended, however, and Douglas, as well as Nogales and Tucson, are after it.

It being in his jurisdiction, he was excused Judge Dunn spent yesterday in Tombstone.

He went to Caliente Springs for treatment and came from there to Bisbee yesterday. Gibson left his two companions at Quartz Lake three weeks ago and has heard since that they have struck a good show in those parts. Amos and Gwyn will visit the Gunn's Slide district, forty miles west of there soon, and then perhaps will return to Bisbee.

Returns and is Arrested.

Last November William Heiten wrote a check on the Miners' and Merchants' Bank for \$15, which he had cashed at the Bonanza bar at Lowell. It was later returned with "no funds" written upon it. A warrant was issued for his arrest but he left town. Yesterday he ventured back again, and the first person he met was Constable Bailey. He was promptly escorted to Justice Murphy's court where he was given forty-five days in jail, three days for each dollar of the amount of the check.

Gets Sixty Days.

For insulting two women on the street while in a state of intoxication, Charles Duffy was sentenced yesterday by Justice Murphy to serve sixty days in Tombstone. CHARITY PROTECTS HELPLESS CHILDREN

INHUMAN FATHER DESERTS WIFE AND FIVE LITTLE ONES IN CANANEA.

CANANEA, Jan. 27.—(Special.)—

An example of how completely a man can forget all natural obligations and align himself with the lowest form of beast was strikingly shown by the acts of a fellow who went away from here about ten days ago. This man took his eldest child, a boy of fourteen, and deserted his wife and five younger children, leaving them penniless and without protection or means of sustenance. Her appeal for aid to feed the little ones reached the Ladies Aid Society with the result that temporary help was extended and a permanent disposition of the children effected. All five of them have been provided with clothes by the good-hearted members of the society and their way paid to Tucson, where they are to be taken care of by the Sisters of Charity. The Ladies Aid Society constantly seeks those to whom charity is due and has performed a world of good, but this case is one where surpassing benefit has been administered. The bristling side and the worthlessness of those who responded is partly dimmed by the human husband and father's desertion, which made the commendable relief necessary.

Runners, which sometimes plays false, has turned the hero bug loose in the Cananea atmosphere with such a resistless influence that a real ally will be built here. Doc Maxwell has interested several parties to join him in financing the enterprise, while Danny Lewis will undertake to construct it. Danny says the setting up of a biplane is not nearly as difficult as is generally supposed, especially when every feature has been clearly defined in current technical journals. A hitch might come when the patent rights are borne in mind, but the local enthusiasts could fly around awhile before the outside world caught on. Lewis claims to be in possession of the necessary drawings. J. S. Hardwell is in Hermosillo this week.

C. J. Beale returned from Douglas yesterday, where he spent Sunday with Mrs. Beale in their recently completed home.

C. Menden and J. H. Hughes of the Cananea stores are on the west coast on business.

It has been reported that the department will start up shortly and run its smelter for a sufficient period to test the ore that has been locked out since the closing of its plant. The smelter is in good repair.

W. O. Thomas, of the AC drug store, is in Guaymas on business.

GOLF FOR LADIES WITH THREE PRIZES

APPROACHING AND PUTTING CONTEST WILL BE HELD AT WARREN TOMORROW.

Golfers will again be busy at the Country Club, this time the events occurring tomorrow morning. There will be an approaching and putting contest among the ladies of the club for three valuable prizes.

A large number are expected to compete, and it is the wish of the Greens committee that all the ladies be on hand as early as possible. Golf Instructor William Marshall will assist. The Greens committee suggests that the ladies devote more time to golf and are anxious to have a "ladies' day" set aside, one each week if possible.

FIRE INSURANCE RATES REDUCED

FROM 10 TO 30 CENTS CUT PER \$100 VALUE IS ANNOUNCED FOR ARIZONA POINTS.

(Tucson Citizen.)

The Board of Fire Underwriters have published its new book of specific rates for fire insurance from its Los Angeles office, covering the Arizona and Southern California territory.

The new tariffs for fire insurance policies covering Tucson show a reduction in rates of from 10 to 30 cents on the \$100 of insurance carried and is in force with all the companies that belong to the Board of Underwriters.

In Tucson there are three classes of buildings rated—B, C and D. By a "B" class building is meant one of brick, stone or concrete with a metal, tile or composition roof. "C" class includes buildings like those in the "B" class save that the roof is wood, and "D" class includes those buildings entirely composed of wood.

Heretofore the rates on these classes have been 50, 60 and 75 cents respectively for each \$100 of insurance written, and under the new tariff the rates on "B" class will remain the same, "C" class is lowered to 52 cents and "D" class to 60 cents, this class showing the greatest reduction of any.

The classification of buildings applies to mercantile as well as residential properties, adobe with a dirt roof classed as "C."

The new rates apply to all insurance policies written after November 28, 1910, and policies written before that time come under the new schedule at the time of their renewal.

The extra hazardous risks, such as buildings carrying in stock or housing inflammable or explosive materials, such as oils, powder and the like do not come under the ordinary ratings but each one is individualized, depending upon the location and construction of such building.

REPUBLICANS TO BANQUET. IONIA, Mich., Jan. 27.—Acceptances received by the Gridley club of this city indicate a probable attendance at the club's annual banquet tomorrow night. All of the four republican candidates for the gubernatorial nomination have been invited. Curtis Guild Jr., ex-governor of Massachusetts, is to be the principal speaker.
